Every single day, we are using a devices that would help our task easier and faster. In fact, we may have become already too much dependent that we would rely on them mostly in our regular works. Most of the devices that we are using must have some sort of a connection in order to integrate and work as a system. To do this, various forms of connectors are thus used. But connectors encompass a wide variety of electronic components. One connector may only be specific to a certain device and not to another. With the use of these connectors, devices would be able to communicate with each other faster and so makes our work faster as well.

Chang Yang Electronics Co. Ltd.(http://www.chang-yang.com/) is a leading manufacturer of audio, home theater, video, and computer and network essentials. This company was established way back in 1984 and specializes in the production and distribution of quality connectors. This company also maintains competitive edge by providing performance service and also dealing with high customer satisfaction. Chang Yang's main objective is to provide customers with products and services that are easy to use, and are safe for both the user and the environment. Certifications and accreditations have been awarded to this company due to its consistent performance in providing high quality consumer products.

There are a lot of products that you can get with Chang Yang. HDMI or High Definition Multimedia Interface is just one of the component device that you will be expecting. These are used in order to connect the audio visual component of your home theatre. USB cables and adapters are also produced by this company. In addition, you would also expect to see various MHL Cables, SCART Sockets, SCART Adapter, Ethernet Cables, and even AV cables in this company.

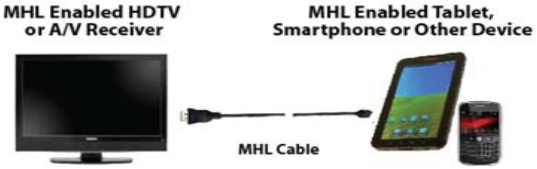
Connect an MHL Enabled Smartphone, Tablet or Other Device to an HDTV or Receiver Featuring MHL

The Chang Yang MHL cable connects your tablet, Smartphone or other MHL device to an HDTV or A/V receiver featuring an MHL input. This MHL cable transmits both audio and video, so now you can view your pictures, watch movies or listen to music on an MHL supported HDTV or A/V receiver.



*HDTV or A/V Receiver must be MHL Enabled

Turn your MHL Enabled Device into a Full-Featured Home Entertainment System

Supporting Mobile High-Definition Link technology, this flexible MHL cable easily connects to the USB Micro-B port of an MHL enabled device. Insert the HDMI connector into an HDTV or A/V receiver featuring an MHL input. The MHL cable features a thin and lightweight design, reducing the connected weight for improved handling of the mobile device. Supports MHL features including:

- Simultaneous power charging of your connected device
- Control your connected device by using the TV's remote
- Supports up to 1080p resolution and 7:1 channel audio
- Mirror you smartphone or tablet onto an HDTV
